# WELCOME.

## Dear Customer,

Thank you for your interest in our furniture range and our shop-fitting solutions. The catalogue shows references and examples of furniture, preconfigured fixtures as well as universal components to be added to your existing shelf system.

## IN.LINE GONDOLAS

With mobile In.Line gondolas you can make efficiently use of the existing space in your location. If you want to highlight seasonal product or make special arrangements of merchandise, the flexible In.Line gondolas are easy to add on to your existing shop interior. In this context you may also view the range of tables we offer from stock.

## IN.LINE SYSTEMS

With a large variety of designed-for-purpose displays you may upgrade your existing standard shelf systems. Browse complete sets which are suitable for retail sections of magazines, books, DVDs and media related product. All of the In.Line systems are also available by the component, which is a practical and at the same time cost-saving way to upgrade your media department. We offer standard diameters of 1,0 m and 1,25 m from stock.

## BOOKTIQUE®

Booktique® is the modular furniture system to fit out your entire retail location. With preconfigured Booktique® fixtures you can grow your existing interior or convert parts from your shop space into a speciality department.

If you have any questions or wish further advise, please do not hesitate to contact us. We would be glad to receive your order.

Your Hannecke Team

## OUR FINISHING RANGE

According to their specification and order code, the wooden bases and furniture are available from stock in the following options of laminated finish. The metal bases, frames and brackets are powder coated silver metallic.
