WELCOME.

Dear Customer,

our current catalog offers a wide range of display spinners and other displays. Based on many international references and sample images we show suitable solutions and designs, ordered by category of media product that will make it easier for you to choose.

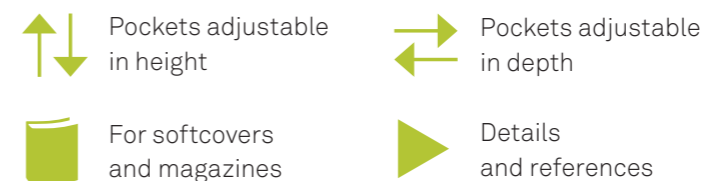

The modular design of our spinner systems make it possible to mix and match the bases and the shapes shown in the various categories. Select the model that suits your needs best, based on the formats, the capacity and the application in the location it will be used.

To make our catalog easy to use, the icons shown below are intended to identify display specifications and general finishing and color. Should you have any further questions, please do not hesitate to contact us. With the best wishes for your success in promotion and sales, we look forward to receiving your order.

Your Hannecke Team

GENERAL INFORMATION

Delivery
Display spinners from our standard stock range are usually delivered approx. within 6 weeks after receiving your purchase order. There will be no separate order confirmation form sent, if not requested. On Booktique®, Decomod® and on our In.Line Systems the delivery time will be offered and confirmed individually to your order.

Colours
Unless specified in our catalogue all metal bases and components are powdercoated silver metallic, all laminated materials are plain white.

Headers
All headers will be supplied in white, without print. Please indicate on your purchase order if you wish a printed or silk screened header. Header and bases can be customised to project your message and corporate identity on quantity orders.
